

Flat Panel PET HD PS WS

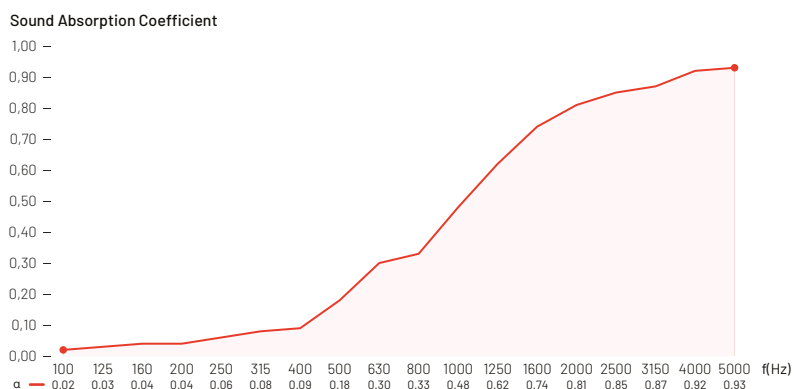

Flat Panel PET HD is made from High-Density VicPET Wool - a nonwoven textile produced mainly from recycled plastic bottles. VicPET Wool is a low-emitting material with excellent acoustic performance.

The updated color lineup introduces Glacier, Tornado, Pearl, Gleam, and Coral Haze, expanding on the existing selection of Grey, Dark Grey, White, and Black.

As part of Vicoustic's ongoing commitment to environmental responsibility, Flat Panel HD PET is made with up to 70% post-consumer recycled content and is fully recyclable at the end of its life cycle.
